LumiSpot

Energy Compliant LED Lighting for the 21st Century

LumiSpot LS-DL04-7x1W is a replacement LED Fitting for Halogen Down Lights.

With a High Colour Rendering Index, LumiSpot renders the true colours of illuminated items. Reduced UV and infra-red output eliminates heat output and damage to sensitive objects.

Features

- Energy saving up to 80% compared to Halogen down lights. Environmentally friendly.
- Estimated life time in excess of 50,000 hours. 3 years Manufacturer's Warranty.
- CE & RoHS certified.
- White and Warm White colours available.
- Adopting excellent aluminium alloy heat dissipation structure.
- High power LED with Dimmable Constant Current power supply.
- 560 - 630 LM Output.
- Dimmer included.
