Ruth Hessey

Synopsis:

What keeps a 21st Century metropolis like Sydney clean and sparkling? Even as we hover on the brink of a monumental eco-catastrophe, an army of truck drivers, scientists, environmentalists, gardeners and even a famous chef are working to transform the mountains of stuff we throw away into something valuable again.

The Lord Mayor, Clover Moore will launch our award winning film at a screening at Parliament House on April 7th, 2011, at 4pm.

We'd love you to come. Please RSVP to 92613437 or email wastenot@tec.org.au before April 4

Find out how the recycling revolution can save our world! What happens to the stuff we throw away? Who looks after our garbage for us? At least 10 reasons to HOPE for the future
